Panel Cutting Patterns - Summary

```
Mesh Statistics:
  Total Faces: 32
  Total Vertices: 60
  Total Edges: 144
  Unique Panel Types: 4
```

```
Panel Breakdown:

  Panel Type 1:
    Quantity: 3
    Sides: 5

  Panel Type 2:
    Quantity: 7
    Sides: 5

  Panel Type 3:
    Quantity: 2
    Sides: 5

  Panel Type 4:
    Quantity: 20
    Sides: 3
```
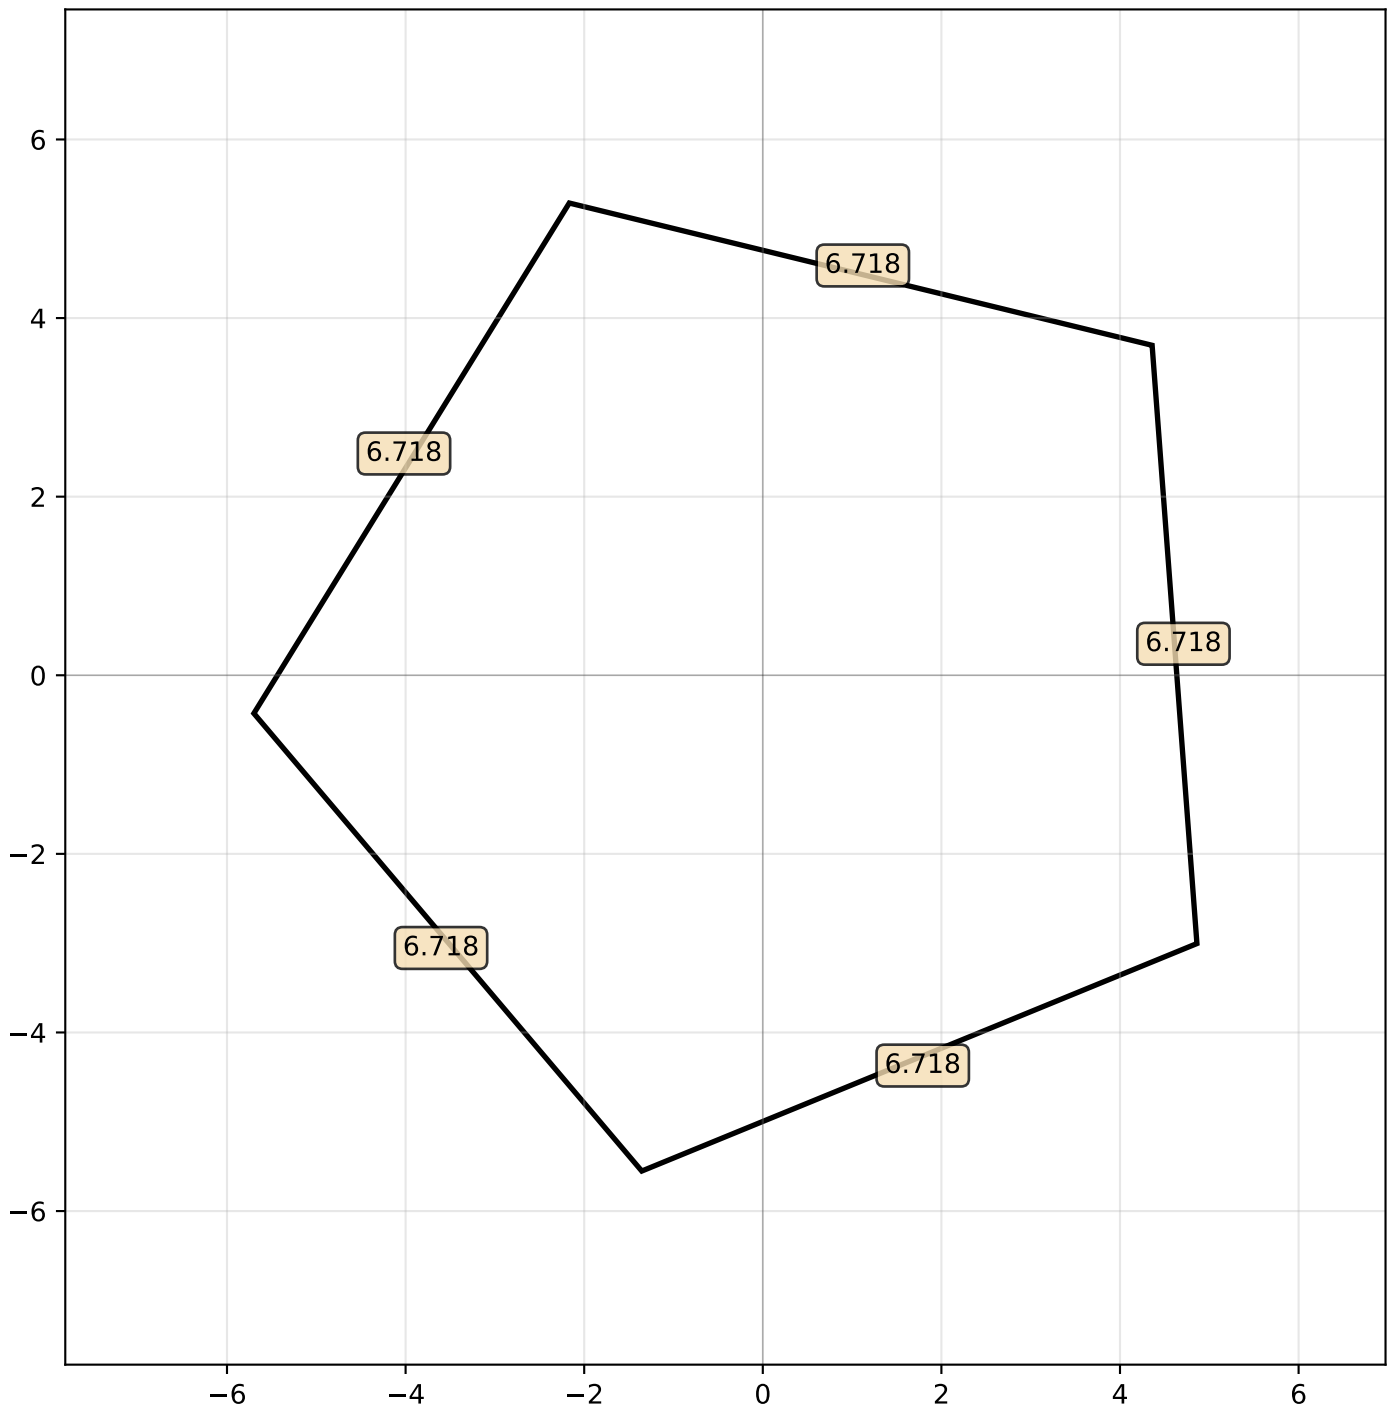

Instructions:

1. Print each panel pattern on the following pages
2. Cut along the solid black lines
3. Use the dashed red lines for seam allowance (if shown)
4. Edge measurements are shown in the same units as input
5. Assemble panels according to the 3D model

Panel Type 1 (Quantity: 3)
Sides: 5, Area: 34.7276, Perimeter: 41.8954

Panel Type 2 (Quantity: 7)
Sides: 5, Area: 77.6533, Perimeter: 33.5912

Panel Type 3 (Quantity: 2)
Sides: 5, Area: 21.4629, Perimeter: 46.0475

Panel Type 4 (Quantity: 20)
Sides: 3, Area: 28.9840, Perimeter: 24.5443
